Instructions CBL-44 Adapter Cable Set for Plantronics Headsets P/N 43960

CBL-44 is a set of 2 adapter cables that allows the use of most DynaMetric TLP, TRP, and THP telephone recording interfaces to be used with Plantronics headsets. The headset is unplugged from the telephone, and the 2 adapters plus telephone recording interface is inserted in between. See the diagram below for a typical hookup.

Instructions
TMP-640 Telephone Transmit Patch
P/N 43931

This is an alternate use for CBL-44, when a handset and headset are both used but only the headset is to be recorded. In this situation, use this connection diagram.
