Instructions
TLP-124HS Logger Patch for
Cell Phones & Cordless Phones

The TLP-124HS Logger Patch adapts most cordless and cell phones that use a headset with a 2.5mm plug, to a tape recorder, sound card, or other audio device. It provides a clear audio signal containing both sides of the phone conversation. The TLP-124HS connects to the cell phone via the 2.5mm headset connector. See the diagram and installation instructions below.

INSTALLATION INSTRUCTIONS

- 1 Unplug the 2.5mm headset plug from the cell phone and plug it into the jack on the TLP-124HS.
- 2 Plug the black cable with the 2.5mm plug on the TLP-124HS into the cell phone where the headset was plugged.
- 3 Plug the cable with the 3.5mm plug (gray, larger plug, longer cable) on the TLP-124HS into the tape recorder, or MIC Input of a sound card or other audio device.
